

HOW WE WIN

PRESS THEM

Press their build-up; they give it away.

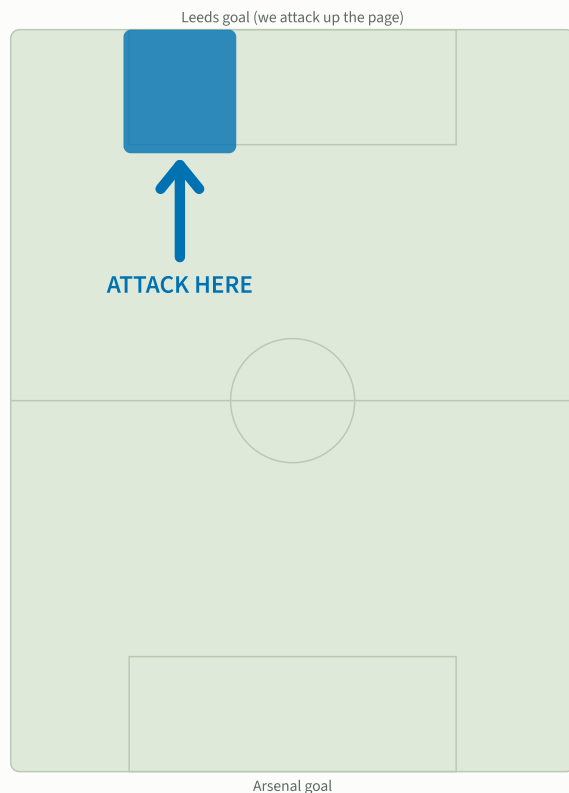

LOAD THE BOX

Set pieces are a route to goal; load the box.

ATTACK THEIR LEFT

Attack their left (our right): entries there end in a shot more often, and Gabriel Gudmundsson is the target.

WHERE THE SPACE IS

THE SPACE IS IN THE LEFT HALF-SPACE

Leeds give up more danger than most teams around their box, on our left half-space. Get the ball there early and often.

Blue = our opening. Orange = their threat.

YOUR DUEL

RAYA V CALVERT-LEWIN

Start the build-up on the back foot.

MAGALHÃES V CALVERT-LEWIN

Do not let him turn.

LEWIS-SKELLY V STACH

Get tight before he turns.

TZOLIS V BOGLE

Make it two against one with an overlap outside Tzolis.

TIMBER V GUDMUNDSSON

Show him inside.

CALAFIORI V BOGLE

Show him inside.

SAKA V GUDMUNDSSON

Get Saka one against one with Gudmundsson early and keep going back to it.

HAVERTZ V ELVEDI

Test Elvedi early, nothing is measured on him.

KONSA V OKAFOR

Do not let him turn.

RICE V STACH

Get tight before he turns.

ØDEGAARD V TANAKA

Look for Ødegaard between the lines early.

ON OUR BALL They do not wait for one ball, so the cue is the first man stepping, not the pass.

WHEN WE PRESS The goal kick that goes short, whoever drops in for it.

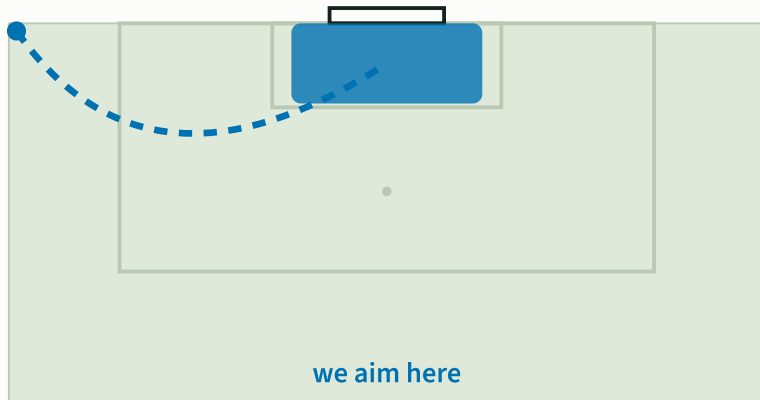

No 2025/26 player data for 1 of the Leeds XI (Elvedi): those cards give the team-level job only.

Blue = our opening. Orange = their threat.

SET PIECES

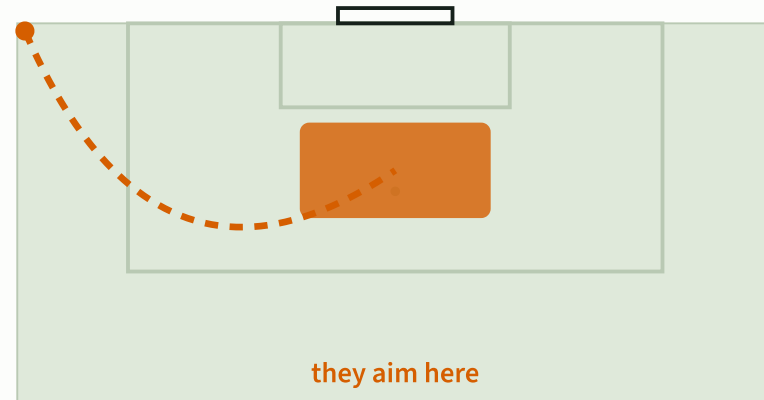

AIM AT THE SIX-YARD BOX

Aim at the central six-yard box, flood the flick-on and the loose ball, isolate Ethan Ampadu in the air.

THEY GO TO THE PENALTY SPOT

Put your best header on Jaka Bijol, expect out-swingers to the penalty spot, stay switched on for the second ball.

Blue = our opening. Orange = their threat.
